## Commitment to Quality

### Quality Certainty

Tested optimum quality by smart engineers to use in a variable situation providing best in the market

### Long Lasting Finish

Corrosion resistance with 3 layers restrains the shine for long time

### Optimum Cartridge

An easy way to Control the water flow with lever, which controls the water pressure in accurate manner

### Cleansing Technology

Lustrous chrome which cleans in single wipe

### Ergonomic Design

Its design is perfect combination of height and size for the washbasin, countertop, bathroom etc. which according to your need

### Easy Installation

No worry about the installation. It easily install at suitable place

## PVD

10 times extra scratch resistant  
3 times extra surface hardness

### PVD

The pvd surface treatment provides a long lasting surface with superior aesthetic and functional quality.

### ENVIRONMENT FRIENDLY

With the pvd process, there is no hexavalent chromium produced which enhances to the environmental and ecological safety aspects of the products.

### DESIGN STYLE

In addition to the high efficiency and high performance with the lead-free, water saving. Our product design aesthetics provide a sense of comfort and beauty to bathroom space.

### WATER SAVING

By using the two level cartridge in the hublet series, water can be consume as per the low or high pressure requirement.

### NON TOXICITY COMPONENTS

The internal flow passage all use low led brass and non toxic parts, providing water that contains no heavy metals and other toxic.

### EXTREME CRAFTSMANSHIP

Advanced pvd vacuum coating technology results in significant anti corrosion and surface hardness characteristics. Pvd is meticulously uniform and durable and prevents scratches.

### SOFT HANDLING

Through the use of a durable, hardened valve parts, faucet lever operation is smoother and long lasting.

### ULTRA RESISTANT

High quality plating process using the 10 micron nickle plated base ensure the high resistant surface.

“ From selecting the long-lasting raw materials to designing and finishing the product, We always strive for an unmatched quality of product and perfection in customer service, what enhances our customer satisfaction. ”

Technology & Innovation

*Strong aesthetic and appealing impact with Geometric Grid design. Like a real sculpture, The Matrix faucet mixer is so worked inside that it evokes the dynamism and geometries of a 3D effect.*

**MATRIX 3D SHOWER**

## FUTURE, VISION.

The aesthetic quality of the product is an inseparable part of its functionality. Every object produced belongs to the culture and serves for it. An aesthetic design with functionality means "everything". Once it is away from functionality, such a design is incomplete. Through Colston, you will meet in each project functional, aesthetic solutions that could be combined with each other.
