

SWITCH TO A BETTER WORLD

A SWITCH CALLED LUXURY

PRICE LIST #Edition MARCH 2023

Welcome to the most luxurious experience

I was always fascinated by GM's idea of luxury and therefore this successful association. Luxury is one brilliant idea. That one idea that further helps to elaborate creating functional products. GM understands how important experiences are, and that is what we inculcate in our designs. FourFive is about classic timeless forms to unconventional designs, we find inspiration from everything.

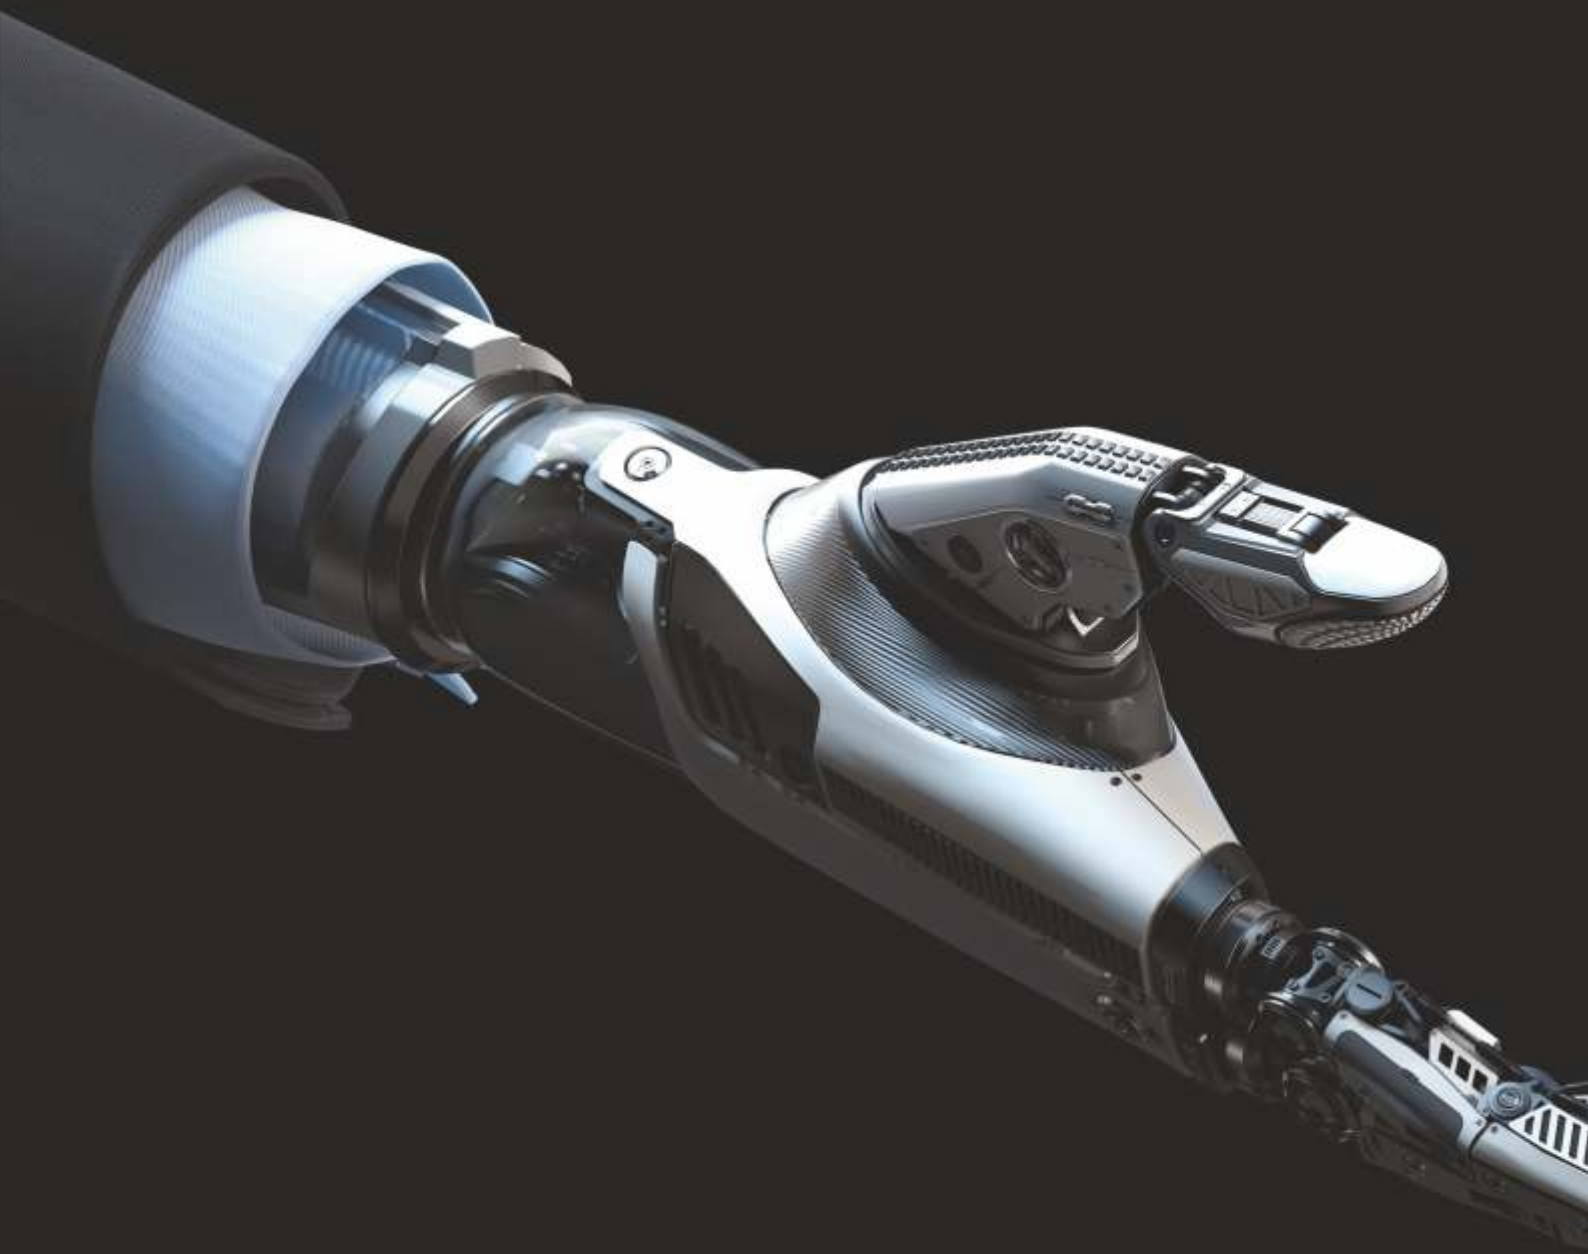

Being GM's brand ambassador, I believe that luxury is that state of mind where experiences aid in creating the right mind-set. GM's motive of offering convenience to a million, got my instant consent of collaboration. Moreover, with our passion towards our work, the excellence in creating products of exceptional quality, I can relate with my belief of giving it my all for that one perfect shot.

With all my heart, I welcome you to have the most luxurious GM experience.

Sunil Shetty
(Brand Ambassador)

Zicono switches with Casaviva and Casablanca cover plates

A close-up photograph of a sleek, black smart switch mounted on a light-colored, textured concrete wall. The switch is rectangular with a modern, minimalist design. The lighting creates soft shadows, highlighting its three-dimensional form. The background wall has a mottled, natural texture.

G-HUB - TABLE MOUNTED Qi CHARGER WITH HUB					
AA C 428	8504	G-HUB Table Mounted Qi Charger with Hub Technical Specifications 1. Power Input: PD Charger, 45W-65W Output 2. 2 HDMI Inputs, either from Type C or from HDMI port 3. 2 HDMI Outputs, either from upper board or from lower board, supporting 4K, 30fps 4. Micro SD card reader, Max speed 480Mbps 5. 2X USB3.0 transmission, up to 5Gbps, Compatible with USB2.0 6. 1 USB3.0 transmission, up to 5Gbps, not compatible with USB2.0, USB Power Charging up to 5V 2A 7. Type C Power charging up to 5V 2A; 8. Lan Out up to 100M 9. Type C input and output for Laptop, both for data and power Wireless charger: 5W output Tips 1. There is only one output or input for HDMI simultaneously, while direct HDMI input and the upper output is in priority 2. Power charging output is dependent on AC power input, but total output of USB and of wireless charging is 10W 3. Power to charge Laptop should be required by the Laptop, maximum output is 60W 4. Lan port supports 1000M speed, but dependent on original input. 5. We use very high solution to make the prototype, so it is a spec-leading product in performance. 6. It is only a prototype, there must be some flaws, so your advice to improve the product is very important.	-	14999.00	5/50

COLOURS & MATERIALS

We respond instantly and instinctively to colour. The hues of orange give you the warmth and the shades of blue that cools your mood. Red that excites the passion and white that settles you in peace. Colours have that energy to make a design speak.

Article and cover plates Customization

Often, the market requests the possibility to personalize the front part of the covers with symbols or inscriptions, or the personalization of the front plates with identifying marks. These marks are required to enhance the prestige and image.

GM offers the possibility to produce inscriptions, symbols, logos or special marks on the articles or cover plates. The personalization is done by laser technology. Laser technology allows the reproduction of any name, logotype or trademark, with absolute precision and indelibility even for small quantities.

SMART CARD

SIGNAGE SLIDE (AA 3 161 MA)

SIGNAGE SLIDE (AA 3 123 MA)

Request of Customization

- Cover plates and Smart card - Please supply the image in EPS or TIFF format through e-mail/CD.
- Edge Glow LED Signage Slides - While ordering engraving of customized symbols on slides, wherever possible, reference should be made of the product code along with the number of symbol. (e.g. AA 3 123 MA / AA 3 161 MA means signage edge glow square slide with EXIT direction symbol).
- Please contact the customer service department for feasibility, quality and delivery time.

Hospitality is the defining aspect of customer satisfaction as it's all about quality products & services. Signage solutions play an important role in communicating clear directions, amenity information and visual guidance to visitors. Hospitality covers plenty of fields under its shelter like hotels, restaurants, motels, malls, theatres and so on. We understand that providing good quality products often help a client patronize the respective establishment, because we believe that what you serve often reflects what you are.

Smart solutions for hotel and hospitality signage applications.

and allure you with their
charisma. Let's welcome
X3 to our world.**

Designer Switch Plates

The modern man is known by his choices! For having a contemporary household setup that matches one's lifestyle, paying attention to the details becomes a significant necessity. The new X5 plate's sophisticated style effortlessly qualifies for the premium standards in interior design. The smooth surface and curved edges that are stunningly balanced on all four sides add to its sleekness, making it an absolute stunner on your walls.

Introducing the absolute stunner

Flatino Switches with X-5 plate

Ace Switches with X-6 plate

Adding charm to excellence

X6 SWITCHES

Introducing the new X6 switch plate that dominates the legacy in elite white. While the edges on the sides display an ascending high to grant an elevated effect, the perfectly chiseled chrome outline in the center beautifully accentuates the switches. The lustrous smooth texture of the finely crafted plate exudes elegance and truly enhances the switching experience.

Genia and Java switches with X-Brillo cover plates

It's time for some revolution

SMART SWITCHES

The G-Nine range of switches & accessories are inspired by good design and innovative ideas that emphasize the quality of a product. We sincerely believe your home should tell the story of who you are and what you love. In a progressive world, our tastes keep on changing. And it is very important to stay in touch with the trend. With a little revolution in the things we use, we are progressive moving ahead with the moving world.

Java switches with X-Pulse cover plates

Distinction in reputation.

COVER PLATES

X-Pulse has pleasing finishes in glossy, metalik and wood. The switch plates are well-suited for a good design reputation and the gently risen contours in the center become a visible and distinctive factor of the switch plate. Add the charm of an individualistic design of the X-Pulse and live the joy of a good lifestyle.

Electronic and Ding Dong doorbells

A large, vertical, close-up photograph of a textured, light-colored surface, likely a door or wall, showing signs of wear and discoloration. The texture is grainy and uneven, with some darker spots and a vertical crease or shadow running down the center. The lighting is soft and even, highlighting the surface irregularities.

Leave lasting Impressions.

DOORBELLS

Create the best impression on your guests with the exciting new range of doorbells. You are never short of a warm welcome with the wide range of doorbells to choose from.

G-Era switches and accessories

Evolution is inevitable

SWITCHES & ACCESSORIES

Each passing day a new idea takes life that transforms the present into something better. A concept that evolves with time and stands the test of time. That is G-Era. It is just all about that newness to things. It is the joy of offering new solutions to all the spatial needs within a home. G-Era is about the new, which is you.

Notes

Notes

To make a better world, make life simpler.

It is what we strongly believe in. It is not just about innovating products, it's about everything we do that affects people and environment around us. We find us responsible to do things differently and in a better way. These are few initiatives we have already set into motion.

CLIMATE IMPACT

GM Modular supports the Climate Impact cause. We want to help carve a better cleaner world and that is why we started a strategic policy initiative. We are committed to align operations and strategies with environment friendly principles.

RECYCLE

We constantly find ways to make more out of less. That is why we try our best to use a recyclable resource. From tiny metal pieces to whatever that can harm the environment in reproducing, we reuse it.

LESS TRANSPORT

We have regional distribution centres spread across the country. In order to reduce the distance that our products have to travel to reach our customers, we have distribution centres with our channel partners to cut down on the transportation distance that helps curb CO2 emissions.

BETTER HOME ENVIRONMENT

A good home environment is important for your health and well-being. It is not only the ventilation and construction materials, but also the things you have inside, that influence the indoor environment of your home. GM refrains from using any harmful raw material that may cause unhealthy circumstances to life.

CERTIFIED

To help consumers make qualified decisions in choosing products that contribute to a healthy lifestyle, GM products have received safety certifications from around the world, as they have been tested thoroughly with regards to their functioning.

Harmonizing design and technology

The GM product range sets standards in design, function and technique. GM offers high-quality design, attractive colours and numerous intelligent functions with switches and automation.

Our intent is to raise the quality of life and therefore, all products are designed to harmonize perfectly, with each other. From switches to socket outlets, from music technology to home automation, the use of GM products is not only attractive, but also convincingly comfortable. Having clear operating instructions in our packaging with the most important technical data assists in the safe and faultless installation of every GM product.
